PREMIUM LUBRICANTS

Environmentally Friendly Coolant YF-2A

Sinopec Environmentally Friendly Engine Coolant YF-2A is an Extended Life Coolant (ELC) formulated using ethylene glycol and a balanced mixture of Organic Acid Technology (OAT). Service intervals up to 5 years or 100,000 miles in cars, buses and heavy-duty trucks. This product contains no amines, borates, nitrites, phosphates or silicates, and is suitable for use as a coolant and antifreeze in the radiator systems of all types of internal combustion engines. This coolant is pre-diluted 50/50.

Brake Fluid Dot 4

Sinopec DOT 4 Synthetic Brake Fluid is formulated using a blend of synthetic glycol ether and borate ester with selected additives. It meets the requirements of the DOT 4 specification to give excellent brake and clutch performance, avoiding the problems of vapour lock and brake fade.

ATF-IIIH

Sinopec Automatic Transmission Fluid III-H is a multifunctional fluid formulated with high viscosity index synthetic base oil and selected additives. It is suitable for use in the automatic transmission systems of many vehicles, and in some power steering and hydraulic systems.

Hydraulic Transmission Brake Multifunctional Fluid

Sinopec Hydraulic-Transmission-Brake Multifunctional Fluid 10W-30 is an extra high-performance universal tractor transmission oil (UTTO), formulated with high quality hydrotreated base oils and a multifunctional additive system. It designed to meet or exceed hydraulic and transmission fluid requirements, and to reduce wet brake and power take-off (PTO) chatter. It ensures excellent performance in agricultural and commercial tractors operating in a wide range of environments and conditions.

AEROSPACE TECHNOLOGY

**TULUX T500
CI-4/SL CLASSIC
DIESEL ENGINE OIL**

Tulux T500 CI-4/SL Classic Diesel Engine Oil

This is designed especially for heavy-duty diesel engines with EGR system. This oil exceeds the API CI-4 specification, meets ACEA E5, B4. Suitable for high class diesel engines, domestically made or imported, with requirement of high cleanness and low emission, suitable for engines meeting requirements of China IV emission standard.

Sinopec Extreme Pressure Lithium Complex Grease

Sinopec Extreme Pressure Lithium Complex Grease is an extreme pressure grease, formulated with a lithium complex soap thickener and high-quality mineral base oil. It contains rust and oxidation inhibitors, EP and anti-wear additives to ensure excellent performance and long life, even in severe service conditions such as high temperatures, shock loading and where water contamination is possible. Available in NLGI grades 1, 2 and 3.

DIESEL ENGINE OIL**

Sinopec GL-5 Heavy Duty Automotive Gear Oil

Sinopec GL-5 Heavy Duty Automotive Gear Oil is high-performance gear oil, available in four viscosity grades, formulated with high-quality base oil and an advanced multifunctional additive system to meet the requirements of API GL-5. Designed for the lubrication of hypoid gear sets in passenger vehicles and commercial vehicles, where they offer excellent extreme pressure (EP) and anti-wear properties.

Hydraulic Transmission Brake Multifunctional Fluid

SINOPEC L-HM super anti-wear hydraulic oil is blended with highly refined base oil and multifunctional additive by internationally advanced process. Meeting a plurality of international OEM standards, the product can be comprehensively used in lubrication of high-pressure hydraulic system in industry, shipping and mobile type machinery, etc. The product comprises several grades such as 15, 22, 32, 46, 68 and 100 according to its kinematic viscosity at 40°C.
